Peter Wolf Symposium 2017

Early Career Hydrologists' Event

3rd - 4th May 2017

Centre for Ecology & Hydrology, Wallingford

This year's Peter Wolf Symposium is hosted by the Centre for Ecology & Hydrology in Wallingford. The event is a valuable opportunity for those early in their hydrological careers to learn about other science in the field, practice their presentational skills and meet other like-minded scientists. We invite those from all areas of hydrology to submit an abstract for an oral or poster presentation.

Programme

3rd May 2017—Presentations and Posters

Confirmed Guest Speakers

- Rob Wilby, Loughborough University
- Glenn Watts, Environment Agency

Conference Dinner

4th May 2017—Field Visits around CEH Wallingford

- ARC-Boat Demo, Environment Agency
  Demonstration of the Environment Agency's newest technology in river gauging and mapping by Nick Everard.
- HR Wallingford
  Talks and tour of HR Wallingford's state-of-the-art facilities including the Physical Modelling Hall & UK Ship Simulation.
