

SFG INNOVATION HUB 2022

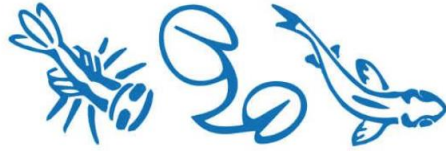

Need

To solve the fundamental environmental challenges of our time we need radically different ways of thinking and doing.

Shaping a sustainable future for the freshwater environment needs everyone working in innovative, collaborative and adaptive ways.

We wanted a new way of bringing our membership together for unleashing innovation across the SFG community and establishing a pipeline of membership idea to take forward.

- We created

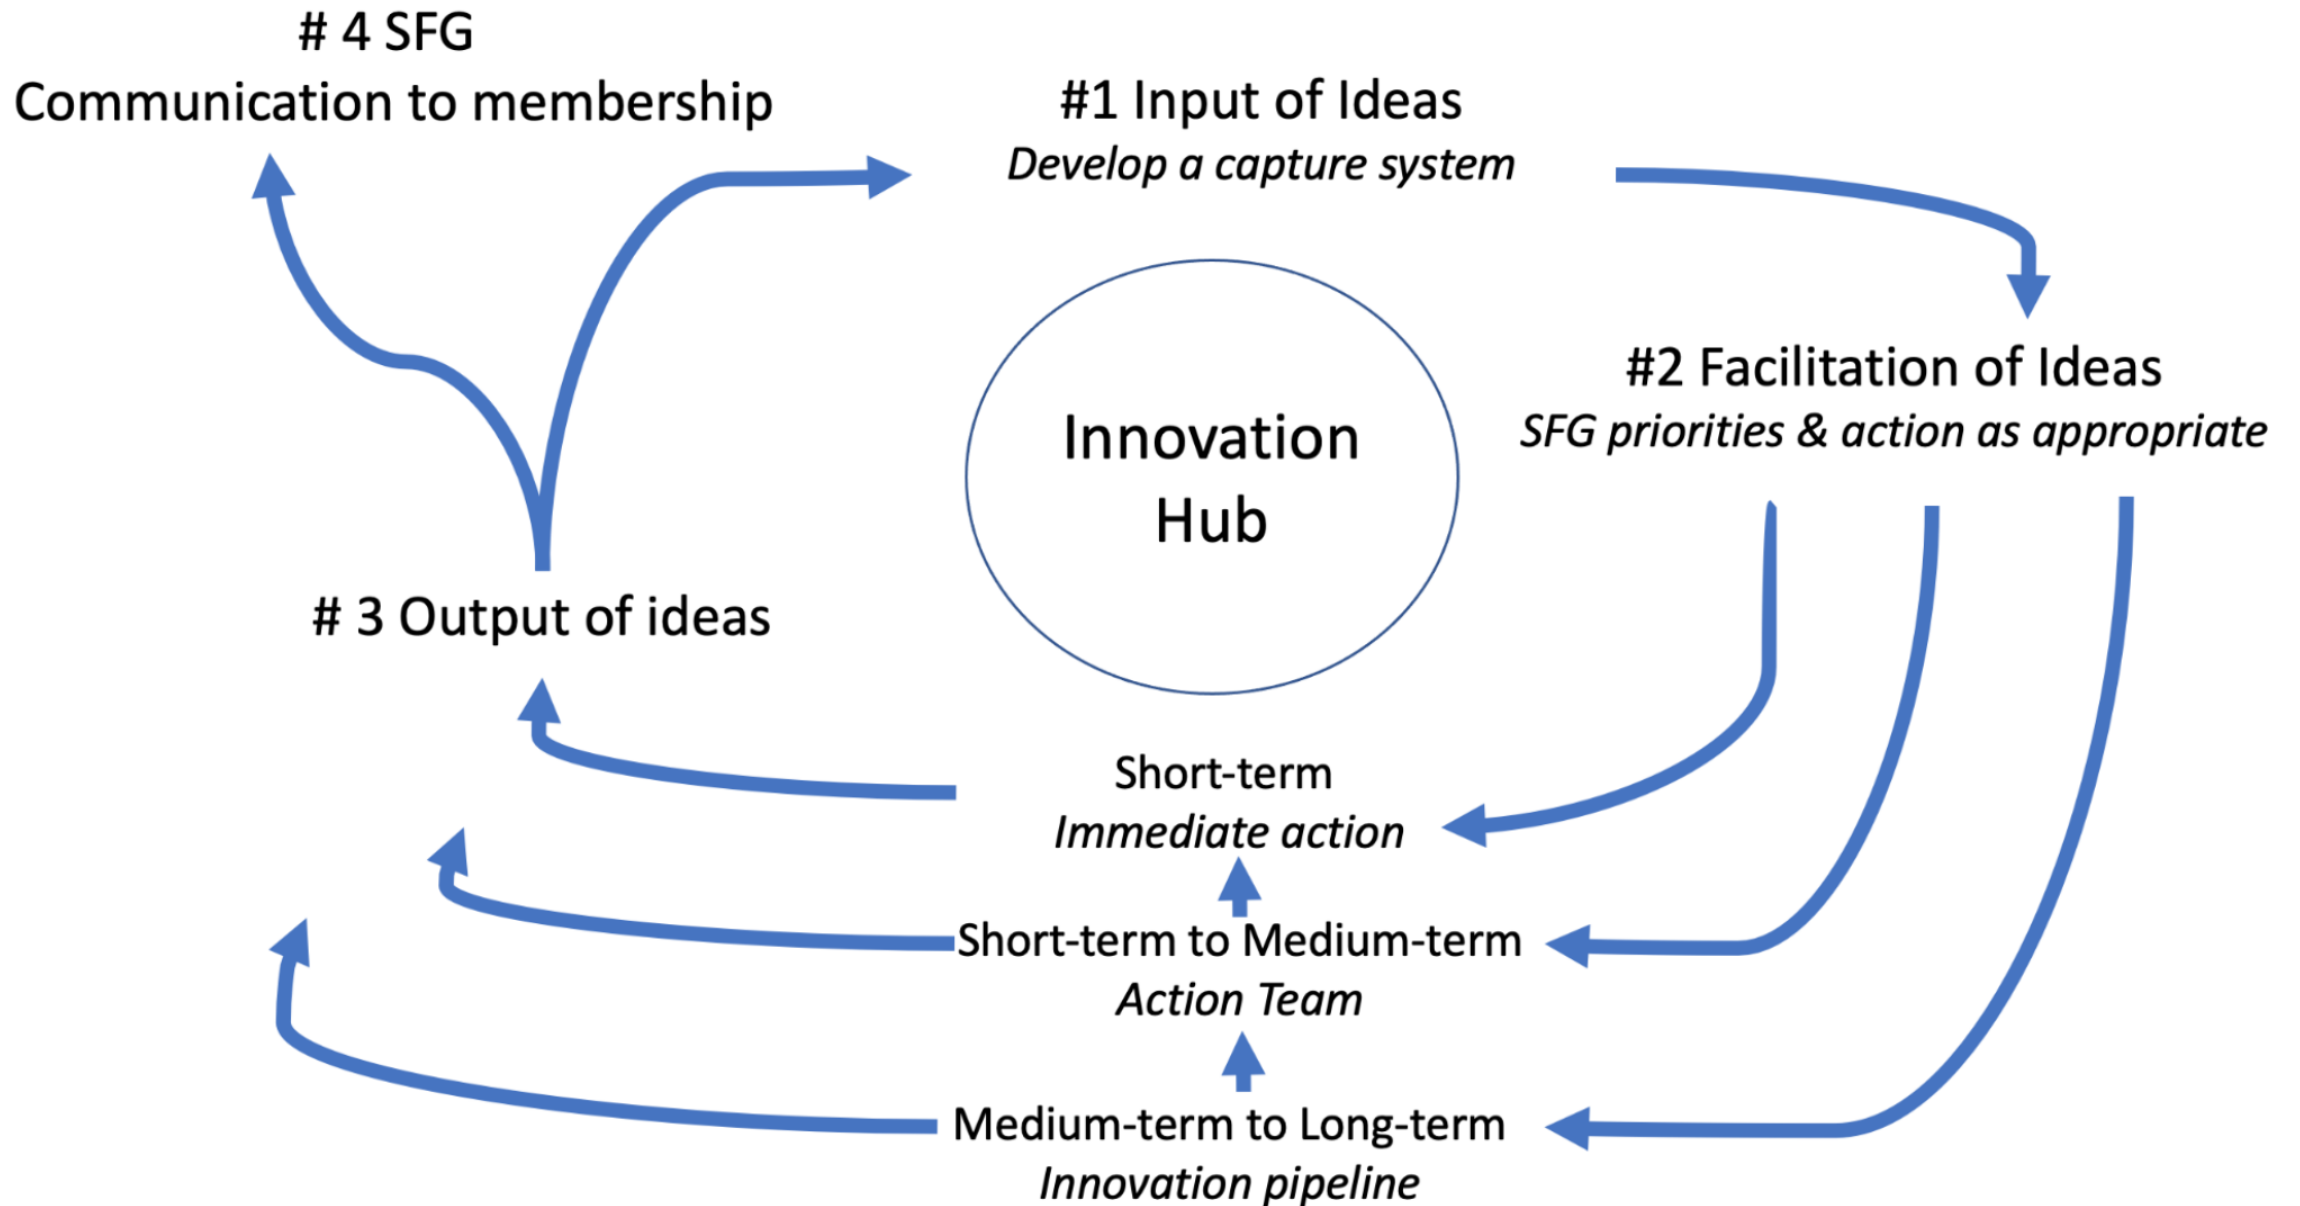

AT #3 Shaping SFG's Innovation Hub

Framework

1. Capture (input)
2. Collaboration (Facilitation)
3. Export (Output)

Through this we can facilitate short, medium and long term innovations through the SFG innovation Hub to deliver environmental and people outcomes.

SFG Innovation Hub

To solve the fundamental environmental challenges of our time we need radically different ways of thinking and doing.

Shaping a sustainable future for the freshwater environment needs everyone working in innovative, collaborative and adaptive ways.

We have created a new way of bringing our membership together for unleashing innovation across the SFG community and establishing a pipeline of membership ideas to take forward.

Thank you for contributing to the SFG Innovation Hub

* Required

What is your idea intended/designed to help? *

- The freshwater environment (eg. addressing challenges facing freshwater, offering solutions etc).
- People connected with freshwaters (eg. SFG membership initiatives, citizen science etc).
- Both of the above combined

What type of innovation could your idea drive? *

- Radical innovation (eg. new, has not been attempted previously).
- Continuous Improvement (eg. add value to how the SFG operates)
- Both of the above combined

How quickly could you help implement your idea? *

- Short term < 1 year
- Medium term 1 to 5 years
- Long term > 5 years

What is the potential reach/impact of your idea? *

- Local scale
- National scale
- Global scale

If you would like to be contacted about this idea please provide your email address in the space provided below.

Your answer _____

SFG Disclaimer

Thank you for providing us with valuable SFG feedback, ideas and support. Please be assured all individual responses will be treated privately (unless you express interest in being contacted about or becoming more involved in this work or related projects) and used by an Action Team and SFG Team in the collective context to improve our focus as a membership. The data collected here will help inform and influence the direction and actions we take in the future. You can also express interest in getting involved with this upcoming AT project work by contacting the SFG mailbox (scottishfreshwatergroup@gmail.com).
