

A stylized, blue, flowing letter 'S' logo. The 'S' is composed of two main curved strokes, with a lighter blue stroke following the inner curve of the upper loop. The overall shape is dynamic and modern.

SFG Reflections

Thank You!

- SFG Guest Coordinator: [Alan Law](#) for excellent efforts in leading SFG agenda organisation & facilitating SFG contributions, engagement & session chairing
- [All SFG presenters](#) for your important & highly-valued agenda contributions; [All SFG attendees](#) for your ongoing interest & taking part in meeting discussions
- SFG Key Partners: [Nigel Willby](#) at the University of Stirling for hosting our hybrid SFG meeting; [Paulette Burns](#) at UK CEH for maintaining SFG website updates throughout the year
- [SFG Team](#) for enabling delivery on the day & extensive year-round voluntary commitments for supporting SFG's purpose & key membership initiatives
- [All members of our SFG community](#) for the inspiring work you do in & around freshwaters; [All previous SFG Coordinators](#) for continued inspiration & support

A stylized logo consisting of two overlapping, curved blue shapes that form a large, abstract letter 'S'. The top curve is a darker blue, and the bottom curve is a lighter blue, creating a sense of depth and movement.

Next SFG Meeting

SFG Spring 2026

SFG 114th Meeting – Thurs 23rd April 2026

Open agenda: celebrating the diverse interests and contributions of all things freshwaters from SFG members

Led by SFG Guest Coordinators:

- **Dr Kathleen Stosch (University of Stirling)**
- **Dr Mike Hinchliffe (Edinburgh Napier University)**

& hosted by the University of Stirling and supported by the SFG Team

Agenda slots **open to all SFG members** for **talks & posters on any topic related to freshwaters**

The plan for this event is to proceed as a full-day hybrid SFG meeting with dual option to attend in-person (limited pre-registered spaces) or join via MS Teams on the day

SFG Community

Promoting expertise & collaboration on a wide range of issues related to the freshwater environment – one of Scotland’s most precious natural resources

- SFG membership is **free** & **multi-beneficial**
- Currently over **520** SFG members & **twice-yearly** hybrid meetings
- Please feel encouraged to become part of our SFG community & make future contributions by completing the **SFG Membership Joining Form**
 - <https://forms.gle/3CXHocz7XFaiGSNVA>
