

SFG reflections on the day

# Thank You

- All SFG Presenters for invaluable contributions
- Our Guest SFG Coordinator & Chair for inspiration, months of behind-the-scenes-effort, doing a brilliant job on the day & leading by example
- All SFG Members, our previous SFG Coordinators, CEH & Stirling University for continued support
- SFG Team's commitment to making it happen
- The SFG's for everyone & you can get involved too!

# Announcements

- **SFG 103<sup>rd</sup> Meeting – Autumn 2019**

- **Thurs 24 October, University of Stirling**

- **Eco-Hydrology / Hydro-Ecology to Open Theme**

- Inter-disciplinary research exploring interactions between hydrology & ecology
- Morning & Afternoon Speakers & Poster Session

- **Guest SFG Coordinator & Chair**

- Faye Jackson (Marine Scotland Science)

- Supported by the SFG team

- Interested or know someone who might be? Seeking offers *asap*

- Contact: [F.Jackson@marlab.ac.uk](mailto:F.Jackson@marlab.ac.uk)  @Faye\_L\_Jackson

- **1 day, come along as you please**

- We're hoping for a strong SFG turnout!

**#SFG103**

# **Broad theme to showcase the diverse research undertaken by the SFG community e.g. topics may include:**

- Impacts of hydrology on ecosystems or vice versa
- Responses to climatic and environmental change
- Soil-vegetation-water interactions, impacts on hydrological function and aquatic systems
- Invasive species, hydrological response and ecosystem structure and function
- Hydro-climatological variability and aquatic population dynamics
- Water quality dynamics and consequences for ecosystem health
- River connectivity and effects on aquatic systems
- Hydraulic habitat and hydraulic geometry
- Outcomes of restoration/management actions
- Novel monitoring, analytical and modelling approaches

# SFG Connectivity

## Our SFG network is growing!

- Membership is free & multi-beneficial
- Over 20 new members joined in last 6 months
- Over 1,200 Twitter followers & many FB connections
- SFG website regularly updated with SFG mtg. outputs
